## Notice to examination candidates

- 1 Candidates are required to submit this completed reporting booklet and to certify that all submitted material is their own individual work by signing the register of practical coursework. Failure to comply fully with these requirements will result in the loss of some or all of the marks associated with the assessment of their coursework.
- 2 In respect of Coursework A activities, candidates are required to complete pages 5 to 7 of this booklet. Candidates must enter a tick (✓) in the appropriate checklists in the case of each mandatory investigation/experiment and associated report that has been completed. Where a candidate has not completed a mandatory investigation/experiment and the associated report no tick or mark should be entered opposite that item in the checklist. Where a candidate has not completed all of the mandatory activities, alternative syllabus experiments or investigations that have been completed – and for which a record has been maintained – may be indicated on the relevant checklist. This provision is limited to a maximum of two alternatives in each section. **Failure to complete pages 5 to 7 of this booklet may result in loss of marks in respect of Coursework A.**
- 3 Candidates must submit their completed Science Investigation Reports to their school authorities by the specified date.
- 4 The report - based on the selected investigation topics - must be completed in the Reporting Booklet, using the prescribed structure.
- 5 The written element of your Report on each investigation should not exceed a total length of 1000 words. You may in addition, of course, also draw graphs or diagrams in the appropriate spaces. **Do not insert or affix any extra material – paper or otherwise.** Examiners will mark only what is presented on the pages of the booklet itself.
- 6 The Investigations and Report must be completed under the supervision of a teacher. If the coursework is not completed under a teacher's supervision, she/he will not be able to validate the work as being your own individual work when requested by the State Examinations Commission to do so.
- 7 All secondary sources used [books, journals, web-sites, etc] must be duly acknowledged.
- 8 It is recognised that in some instances investigations may have to be undertaken in small groups. However, the report must in every case be the individual's own work. Direct copying of material from secondary sources – other than essential references, e.g. definitions - is not permitted. Where there is evidence of collaboration or copying in the reporting of any aspect of an investigation, the report presented will be deemed invalid.
- 9 In instances where a report cannot be authenticated as a candidate's own work, the State Examinations Commission will take appropriate action. This often results in the work presented being deemed invalid and marks awarded in respect of it being discounted when determining the overall examination result.
- 10 Any incidence of suspected copying, improper assistance from another party, plagiarism or procurement of work prepared by another party will be thoroughly investigated. Candidates are liable to having penalties imposed as provided for in the Rules and Programme for Secondary Schools. The penalties include loss of the subject, loss of the entire examination in all subjects, or being debarred from the Certificate Examinations in subsequent years. There may be serious consequences for any other party involved in improperly assisting a candidate, as the Education Act 1998 provides for certain criminal offences in relation to the conduct of the examinations. Teachers and the authorities of schools are familiar with the detailed requirements to ensure that practical work is valid for examination purposes. Candidates should comply fully with all requests which are made and which are designed to enable authentication of their work.
- 11 Remember: responsibility for complying with the examination requirements rests with you, the candidate. If the requirements are not followed, your teacher and the school authority will have no choice but to bring this to the attention of the State Examinations Commission.

## Fógra d'iarrthóirí sna scrúduithe

- 1 Ní mór d'iarrthóirí an leabhrán tuarascála seo a chur isteach agus é comhlánaithe, agus clár na hoibre cúrsa praiticiúla a shíniú lena dheimhniú gurb í obair indibhidiúil an iarrthóra féin atá san ábhar ar fad atá á cur isteach. Mura gcloítear ar fad leis na riachtanais seo caillfear cuid de na marcanna nó an t-iomlán díobh a bhaineann leis measúnú na hoibre cúrsa.
- 2 Maidir le gníomhaíochtaí Obair Chúrsa A, ní mór d'iarrthóirí na leathanaigh 5 go dtí 7 den leabhrán seo a chomhlánú. Is cóir d'iarrthóirí tic (✓) a chur sna seicliostaí cuí i gcás gach ceann de na fiosrúcháin/turgnaimh éigeantacha, chomh maith leis an tuarascáil a ghabhann leo, a chuirtear i gcrích. I gcás nach bhfuil fiosrúchán/turgnamh éigeantach, mar aon leis an tuarascáil a ghabhann leis, déanta ag iarrthóir, níor choir tic ná marc ar bith a chur isteach os comhair na míre sin ar an seicliosta. I gcás nach bhfuil na gníomhaíochtaí riachtanacha ar fad curtha i gcrích ag iarrthóir is féidir turgnaimh nó fiosrúcháin sa siollabas atá curtha i gcrích de rogha orthu sin – agus a bhfuil taifead coinnithe orthu – a chur in iúl ar an seicliosta a bhaineann leo. Tá an fhoráil seo teoranta do dhá rogha ar a mhéid i ngach roinn. **Mura gcomhlánaíonn na hiarrthóirí na leathanaigh 5 go dtí 7 den Leabhrán Tuarascála, d'fhéadfadh sé go gcaillfidh siad na marcanna atá le fáil ar Obair Chúrsa A.**
- 3 Ní mór d'iarrthóirí an Tuarascáil ar an bhFiosrúchán Eolaíochta a chur i gcrích agus a thabhairt ar lámh do na húdaráis scoile acu faoin dáta a luaifear.
- 4 Ní mór an tuarascáil – bunaithe ar na topaicí fiosrúcháin roghnaithe – a chur i gcrích sa Leabhrán Tuarascála, agus leas á bhaint as an struchtúr atá leagtha síos.
- 5 Níor chóir níos mó ná 1000 focal san iomlán a bheith sa ghné scríofa de do thuarascáil ar gach fiosrúchán. Tá cead agat de bhreis air sin, ar ndóigh, graif nó léaráidí a tharraingt sna spásanna cuí. **Ná cuir isteach aon ábhar breise – páipéar ná eile – agus ná greamaigh aon ábhar breise den leabhrán.** Ní mharcálfadh na scrúdaitheoirí ach an méid a chuirtear i láthair ar na leathanaigh den leabhrán féin.
- 6 Ní mór na Fiosrúcháin agus an Tuarascáil a chur i gcrích faoi mhaoirseacht múinteora. Mura gcuirtear an obair chúrsa i gcrích faoi mhaoirseacht múinteora, ní bheidh ar chumas an mhúinteora a dhearbhu gurb í do chuid oibre féin í nuair a iarrfaidh Coimisiún na Scrúduithe Stáit air/uirthi sin a dhéanamh.
- 7 Ní mór na foinsí tánaisteacha ar fad a úsáidtear [leabhair, irisí, láithreáin ghréasáin, etc.] a admháil mar is cuí.
- 8 Aithnítear go mb'fhéidir go gcaithfeadh iarrthóirí fiosrúcháin a dhéanamh ina ngrúpaí beaga i gcásanna áirithe. Obair an iarrthóra féin a chaithfidh a bheith sa tuarascáil i ngach cás, áfach. Ní cheadaítear ábhar a chóipeáil go díreach as foinsí tánaisteacha – seachas tagairtí riachtanacha, e.g. sainmhíneithe. Áireofar go mbeidh tuarascáil neamhbhailí má tá fianaise ann ar chomhbair nó ar chóipeáil dhíreach i gcás aon ghné den fhiosrúchán.
- 9 I gcásanna nach féidir a dhearbhu gurb í obair indibhidiúil an iarrthóra féin atá i dtuarascáil, gníomhóidh Coimisiún na Scrúduithe Stáit mar atá leagtha síos. Is é a bhíonn de thoradh air sin go minic ná go n-áirítear an obair a chuirtear i láthair a bheith neamhbhailí agus go ndícheadaítear na marcanna a bronnadh ina leith agus toradh iomlán an scrúdaithe á dheimhniú.
- 10 Déanfar fiosrúchán iomlán i gcás ar bith ina bhfuil amhras maidir le cóipeáil, cúnaimh míchuí ó pháirtí eile, bradaíl, nó soláthar píosaí a d'ullmhaigh páirtí eile. Is féidir pionós a ghearradh ar iarrthóirí de réir *Rialacha agus Clár do Mheánscoileanna*. Is féidir go gcaillfeadh iarrthóirí an t-ábhar, go gcaillfidís an scrúdú iomlán i ngach ábhar, nó go gcosfaí orthu na Scrúduithe Teistiméireachta a dhéanamh sna blianta amach anseo. D'fhéadfadh iarmhairtí tromchúiseacha a bheith ann d'aon tríú páirtí a thugann cúnaimh míchuí d'iarrthóir, ós rud go ndéanann an tAcht Oideachais 1998 foráil do chionta coiriúla áirithe maidir le reáchtáil na scrúduithe. Tá múinteoirí agus údaráis na scoileanna ar an eolas maidir leis na riachtanais shonracha chun a dheimhniú go mbeidh an obair phraiticiúil bailí chun críche an scrúdaithe. Ní mór d'iarrthóirí cloí go docht le gach iarratas a dhéantar orthu mar is mar mhaithe le deimhniú a gcuid oibre a dhéantar é.
- 11 Cuimhnigh air gur ort féin, an t-iarrthóir, atá an fhreagracht cloí le riachtanais an scrúdaithe. Mura gcloíonn tú leis na riachtanais sin, ní bheidh de rogha ag do mhúinteoir ná ag údaráis na scoile ach an scéal a chur faoi bhráid Choimisiún na Scrúduithe Stáit.
